What is stalking?

13

OCR BLOG

"Stalking" under the Title IX Rule is also defined by reference to VAWA, at 34 U.S.C. §12291(a)(30). Under that provision, "stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

- fear for the person's safety or the safety of others; or
- suffer substantial emotional distress.

The new Title IX Rule covers instances of stalking based on sex, including stalking that occurs online or through messaging platforms, commonly known as cyber-stalking, when it occurs in the school's education program or activity.
