Title: Superintendent's Role and Responsibilities for Cyber-Security

Dates and Locations: A 3-hour presentation will be held in 13 regions across Illinois on 13 different dates during March and April, 2020.

Description: Cyber-security is a growing concern for the public and for organizations that deal with sensitive data. As such, IASA is pleased to partner with the FBI, Illinois school law firms, The Sandner Group and Single Path to provide you with a three-hour seminar to cover law enforcement aspects, Illinois law implications, insurance ramifications and technology resources to better prepare you to face this increasing threat.

Free Event

Superintendents and district tech directors are welcome. There is no cost to attend but registration is encouraged.
